“Service Above Self”

---

As our motto notes, the main objective of Rotary is service: in the community, in the workplace, and throughout the world. The Rotary Club of Medford is one of Rotary International’s 32,000 Rotary Clubs and was established in 1923 as an organization of business men and women working together for the betterment of our community.

For more than eight decades, we have been working to make Medford a better place through projects involving children, education and community resources. Today the Rotary in Medford has over 70 members and funds thousands of dollars in community projects each year.
